WENDEL PHILLIPS ON HON. EDWARD EVERETT.

Praise of Edward Everett, coming from Wendell Phillips is certainly a novelty. In their moral constitution, no two men could, probably, be more widely different. And so they constantly misconceived and misunderstood each other. We all know how often Phillip's in his bold radical style has denounced the political career of Everett. But the latter's unfailing and earnest patriotism, in the present trying times, has softened the radical's heart, and in his recent speech in Philadelphia, referring to Mr. Everett as one of the new converts, to the Republican party, he thus speaks of him:

And when I name Edward Everett I desire to say that I name the cap-sheaf of American magnanimity for the last three years. I know of few men in any age or any country who have shown more courage, with such a career behind them, had the loftiness of spirit to stand before twenty million of their countrymen and say, 'I was mistaken.' Such men are rare in any age, and certainly deserve full credit for such a confession. They are the new converts.

WEBSTER OR WORCESTER.

To the party getting up a Club of fifty subscribers to the *WEEKLY PRESS*, we will, on receipt of the hundred dollars, (the club rate,) present a copy of *Webster's or Worcester's Unabridged Pictorial Dictionary*.

For Afternoon Telegraph, River News, steamboat advertisements, etc., see fourth page.

PUBLISHING THE LAWS.—The Secretary of State has designated the Louisville Union Press and the Paducah Federal Union as the two papers in Kentucky in which to publish, officially, during the present year, the acts and resolutions of Congress, and the treaties entered into by our Government with foreign powers.

DESTRUCTION OF THE GALT HOUSE BY FIRE.—As we write, at 2 o'clock A. M., that magnificent structure, the Galt House, ranking as the best in this city, is being destroyed by fire.

There is no possible chance of its being saved. If the blocks adjoining can be saved, the owners may be thankful. How the fire originated we have not learned. The fire had made too much progress before it was discovered for the firemen to do much towards suppressing it.

As we write there are rumors of persons being burned to death in the house, but as to their truth we cannot say. We know, however, that some very narrow escapes were made. One man we saw saved, as by a miracle, from the third story.

AN IMPORTANT ORDER.—An order by Col. Farleigh, which will be found in our advertising columns, and especially interests clothing dealers and saloon keepers. It will be seen that the order is a very stringent one; it is an earnest of the purpose of the military authorities to put a stop to the practice of selling whisky and clothing to soldiers. The penalty of a violation of the order is very heavy, and there is little chance for violators to escape it. Clothing dealers are to understand from this order that the discharge papers of a soldier is not a sufficient warrant for selling citizens' clothing to him. A permit must first be obtained from the Provost Marshal's office.

The execution of the order is left to the Provost Marshal, Major Plessner, who will enforce it rigidly.

FLOOD IN THE OHIO RIVER.—The Cincinnati Commercial, of yesterday, says: At Pittsburgh there is twelve feet in the Ohio river and rising, with seven inches of snow on the ground. The recent snow storm extended along the line of our rivers from Pittsburgh to Cairo and St. Louis. Here, the river has risen fourteen feet during the past seventy-two hours, and was still rising rapidly last night. Yesterday the weather was mild, with a light drizzling rain from 2 P. M. until midnight. The Kentucky river is bank full and rising—too high for navigation under the bridges. The Muskingum, Scioto and both Kanawhas are also pouring out plenteously. With the melting of the vast amount of snow that has recently fallen, we may reasonably expect a very high river, and perhaps a disastrous flood.

We omitted to call attention yesterday to the advertisement of Maj. A. J. Harrington, who has been authorized by the Governor to reorganize his battalion, 1st Regiment Kentucky Capital Guard. The battalion will be raised for one year only, and for service within the State. It is the desire of Major Harrington, to raise three companies in this county, and we have no doubt he will succeed, as he is known to be an officer of energy and merit. Men who enlist in this battalion will be counted in the quota of this county, and it is therefore the interest of all liable to draft to promote the reuniting of the battalion. Major Harrington's headquarters are at Frankfort, where he may be addressed.

LOUISVILLE THEATER.—To-night will be produced, for the first time in this city, John Brougham's great romantic play, "Bel Demons," Vestali in the character of Angelo. The play is one of great merit, and with Vestali in the principal part, will doubtless prove a great attraction. It has proved a great success in other cities.

THE TENNESSEE TRADE.—We understand that efforts are being made by Hon. Lucien Anderson, and others in Washington, to have the restrictions on trade with West Tennessee removed, and it is thought the effort will be successful.

The play is one of great merit, and with Vestali in the principal part, will doubtless prove a great attraction. It has proved a great success in other cities.

YOUNG AMERICA.—Halleck's satirical poem of "Young America," in which a thousand graceful fancies, expressed in musical numbers, are permeated with a vein of mockery at the follies of the time, has been published in a neat little duodecimo by the Appletons. For sale by J. F. Morton & Co.

Military Affairs in Arkansas.—St. Louis, Jan. 10.—Fort Smith advises of the 25th ult. confirm the reported evacuation of that post and Van Buren, and the removal of the garrison of their garrison in some movement South.

Lieutenant Wilcox, of the Chickasaw Thayer, had an interview with General Thayer on the 26th, under a flag of truce. The reported object of the visit was to negotiate terms for the surrender of his battalion to the Union forces.

NEWS FROM HAVANA.

New York, Jan. 10.—The steamer Liberty we have Havana dates of the 4th. But little news from any quarter had reached Havana since the last arrival. Advices from San Domingo, though containing nothing new, The Spaniards are making poor progress, and to general opinion is that Spain ought to abandon the opinion of conquest of the island. The same may be said of the French in Mexico.

Desperate Fight with the Indians.

LEAVENWORTH, Jan. 10.—A desperate fight took place near Leavenworth, Nebraska, on the 7th, between a detachment of the 1st Nebraska cavalry and a body of Indians estimated at 1000 or 1500 strong, in which the Indians were defeated with a loss of 35 killed and a large number wounded. One was killed and 11 wounded.

REBEL DESERTERS RELEASED.—Two deserters from the rebel army, Robert Dabney and Marshall Kennedy, were released yesterday on taking the amnesty oath.

We invite attention of business men to the "Statement" in our advertising columns of the International Fire Insurance Company of New York.

McGILL CLUB.—Members of the McGill Club are requested to call on me immediately and receive their dividends—each \$15.37.

OLD PAPERS FOR SALE.—Two thousand old papers, in perfect order, for wrapping paper, for sale at the PRESS OFFICE.

The Russian journals contain details respecting the progress of the emancipation of the serfs up to the month of August last, at which date there were only eight regular charters still uncompleted, while 111,568 have been already brought into execution, and these refer to estates on which reside 10,000,220 people. As many as 2,133,043 people have come into complete possession of their plots of land, and of this number 430,702 have required no assistance from the State. A transitory condition is prevalent in provinces like Moscow and St. Petersburg, where the former serfs, rather artisans than cultivators of the soil, have not the same interest in at present becoming freed from their obligations towards their former masters.

MILITARY ITEMS.—160 convalescents reported at barracks No. 1, yesterday, from hospitals here and at other points, 720 men were transferred to Nashville.

One company of the 44th and one of the 45th Missouri regiments, composed of new recruits, were received and sent forward to their regiments at the front yesterday.

Two deserters from Co. L, 9th Indiana Cavalry, named Martin H. Ross and John Mobley, were arrested yesterday in Jeffersonville, and brought to Barracks No. 1.

THE MINSTRELS.—The minstrels at Masonic Temple present nightly an excellent and varied programme, and the performance elicits the most rapturous applause. They have an extensive repertoire of comic burlesques, and are enabled to present each night something new and original. The instrumental and vocal music of the troupe is unexcelled. We say, to all our readers, go and see them while the opportunity offers.

The total vote of the nation, on President

Price's army is at Boggy Depot, on Red river. Deserters are very numerous, and the whole country is filled with stragglers.

The Missouri Constitutional Convention—The Work Laid Out.

ST. LOUIS, January 10.—Three ordinances for immediate emancipation were introduced in the Constitutional convention, but after discussion were informally voted down to allow Mr. Drake, of St. Louis, to introduce his resolution for the appointment of Committees, to whom should be referred the different articles of the present State Constitution. After further debate this resolution was adopted, and the motion that the President's appointment of committees, boundaries, legislation, executive department, judicial department, education, internal improvement, banks, militia, seat of government, mode of amending Constitution, and miscellaneous provisions. Each of the Committees is to carefully examine the parts of the proposed Constitution referred to them respectively, and report to the convention such amendments thereto as they may consider expedient.

Mr. Drake of St. Louis, is chairman of the Committee of Legislation, Judge Glover, of St. Louis, of the Judiciary Department, and Mr. Gilstrap, of Modoc, of the Constitutional Convention. In addition to these Committees on Emancipation was appointed, to which all resolutions, ordinances, and bills on that subject shall be referred, with instructions to report to-morrow, and authorise on each franchise and disfranchisement of rebels.

James L. Goldsmith, drunkenness and disorderly conduct, and assaulting Mrs. Keene. Continued till Thursday.

Thomas Murray, William Fullam and Van Read, disorderly conduct. Each fined \$5.

Indian Depredations in Colorado—Severe Fight.

JULIUSBURG, COLORADO, Jan. 9.—On Saturday morning a party of sixty Indians attacked the Overland Mail Express coach, three miles east of here, and robbed the mail-bags. They also attacked a mule train, which was being driven by a killing blow to the head. The Indians had been reinforced to number of 100, and in order of the troops back to the west. The Indians then captured the stage station in great numbers, and after destroying all the furniture and breaking all the windows they set the building on fire. They also destroyed a large amount of telegraphic material.

Mr. Hulme wished the consular bill postponed till Friday.

Mr. Wilson presented a resolution calling on the Adjutant-General for the list of the Adjutant-General's and other major and brigadier generals in the army on the 1st of January, 1864, and where and how employed, etc., which was passed.

Mr. Sumner said he had intended to call up to-day the resolution repealing the reciprocal treaty, but at the request of Mr. Howard, who wanted to postpone it, he would not call it up till to-morrow.

Mr. Sherman reported the House bill to supply deficiencies in last year's appropriations, making several additions, and striking out appropriations for increasing salaries of Capitol employees, also the sum of \$100,000 for the construction of the Naval Hospital, showing many inconsistencies that the operation was performed with medicine.

Surgery was not named in the original; if at all, *I have not seen it since printed*. The extraction of the calculus was by expansion, accomplished by foaming and emulsions. The doctor had a very weak condition, and was dying rapidly.

Mr. Wilson introduced a bill to repeat an act to authorize recruiting for the U. S. Army in the rebel States, which was referred to the Military Committee.

Mr. Saulsbury said some days since he directed Mr. Wilson to call on the Secretary of War to inform the Senate under what authority he called into the public service volunteers for thirty and ninety days. He has not yet replied to the resolution. I hold that the Secretary of War, as a member of the Senate, is in every way subject to the order of the Senate, and I now give notice that he be again directed to inform the Senate under what authority he called into public service volunteers for thirty and ninety days.

The Chair directed him to draw up a resolution enacting the object aimed at.

Mr. Clark objected to the resolution.

The report of the Naval Academy was laid before the Senate and ordered to be printed.

Mr. Wilson introduced a bill to authorize the appointment of a Second Assistant Secretary of War, which was referred to the Committee on Military Affairs.

The Senate then went into executive session and adjourned.

WASHINGTON, Jan. 10.—The House resumed the discussion of the constitutional amendment for the abolition of slavery.

Mr. Kisson advocated it and declared that the people had declared for the amendment.

Fernando Wood argued against it.
